DIRECTIONS TO KAVINGA SAFARI CAMP

- From Harare, drive 296km on the main Chirundu highway to Makuti.
- There are two toll gates along this main road, please be sure to have either some Zimbabwe bond cash notes with you, some form of electronic payment available or US dollars cash.
- Be prepared for possibly encountering police roadblocks along your journey. We suggest checking the Dear ZRP and Road Users Association Facebook pages to ensure that your vehicle is compliant with gazette regulations.
- A recommended stopping place along the way is Saucy Sue's at Lions Den. They serve great egg & bacon and steak rolls, sell biltong, snacks, drinks and interesting wooden items such as picture frames and cutting boards, as well as providing clean ablutions.
- 15km beyond Makuti, stop in at the National Parks' office at Marongora and fill in your Park entry permit. Advise them that you will be staying at Kavinga Safari Camp.
- You will not be required to pay any National Parks fees at Marongora. Kavinga settles all National Parks fees payments directly with Parks on their guests' behalf.
- Please note that on your departure when handing over your Parks permit to the first Parks boom, you will not need to show them a Parks receipt.
- Persons travelling to Mana Pools must leave Marongora no later than 3.30pm.
- At the foot of the Zambezi Escarpment, 6.5km beyond Marongora, a gravel road turns to the right (just after the Tsetse Fly Control hut/boom). This is the first National Parks boom, commonly called Chimutsi Gate – the entrance to Mana Pools. Turn in, submit your permit for verification at the boom, fill in the register for Kavinga, go through the boom and continue along this dirt road.
- Please be aware that this is a very rough gravel road and due care must be taken. In some stretches it may be best to travel at only 15 or 20 km/hour.
- Continue for approx. 25.2km until you see our Kavinga Safari Camp sign and a turning to your right. GPS co-ordinates for this turnoff are : S16°05.575'05 E29°22.121'.
- Take this right turn and follow our signs for roughly another 4.8km directly to camp. Our staff will be waiting to meet you.
- The journey generally takes about 5hr30min, depending upon your speed, stops and traffic.
- For those of you using a GPS, camp co-ordinates are: 16°07'05.20" S 29°24'06.55" E.
- Please call either of the following numbers if you encounter any problems or your expected arrival in camp is going to be delayed:

Leah: +263 774 455 822

Theresa: +263 782 781 504
